Professional Competence with a Caring Attitude

Leisure is an essential part of Residential Aged Care through legislation and the Accreditation requirements ensuring that independence, choice and decision making and cultural and spiritual beliefs are acknowledged and supported.

Expected Outcome 3.7 Leisure interests and activities
Residents are encouraged and supported to participate in a wide range of interests and activities of interest to them.

It also extends to the other following outcomes.
(EO 3.5 Independence
3.6 Privacy & Dignity
3.8 Spiritual & Cultural Beliefs
3.9 Choice & Decision Making)

Audit results have shown that time and effort are being wasted through redundant and poor practice resulting in staff becoming frustrated, discouraged and unsure of what they should and should not be doing.

Unfortunately these problems do impact on residents and hopefully attendees will be able to take back ideas and strategies that will be time and cost effective while enhancing residents' quality of life.

3.1 Continuous Improvement

The organisation actively pursues continuous improvement.

3.3 Staff Training & Education

Management and staff have appropriate knowledge and skills to perform their roles effectively.

This exciting day will assist leisure and lifestyle staff to gain new perspectives and strategies that they will be able to implement as part of their continuous improvement.

The day will include:
